

LuKi mit PUSH Steuerung
LuKi with PUSH control unit

The image shows a standard European energy label for a mechanical ventilation unit. At the top left is the European Union flag. To its right, the word "ENERG" is written in large letters, with "енергия · ενεργεια" below it. Further right are four circular icons: "Y IJA" and "IE IA". Below this header, the brand name "enovento" and the model "LuKi" are displayed. The main part of the label is a vertical scale of energy efficiency classes from A+ (green) to G (red). A black arrow points to class "A". Below the scale, two boxes provide technical specifications: "44 dB" with a speaker icon, and "43 m³/h" with up and down arrows. At the bottom, the text "ENERGIA · ЕНЕРГИЯ · ΕΝΕΡΓΕΙΑ · ENERGIJA · ENERGY · ENERGIE · ENERGI" is followed by the year "2016" and the standard number "1254/2014".
